

SCI Registry of Companies 2013-2019

Between 2013 and 2019, 417 companies from across the entire EU have registered to the Supply Chain Initiative and thereby committed to the [Principles of Good Practice](#). Taking into account the subsidiaries of international groups, 1,224 operating companies had signed up.

The below table lists these companies in alphabetical order for reference. The information on the sector and whether they qualified as an SME at the time of registration is visualised in the following two graphs.
